| Dist. | 1 | Clr. Don Butler |
| | 2 | Clr. Deborah Wadden |
| | 4 | Clr. Mary Elliott |
| | 5 | Deputy Warden Wayne Murray |
| | 6 | Warden Robert Parker |
| | 7 | Clr. David Parker |
| | 8 | Clr. Larry Turner |
| | 9 | Clr. Peter Boyles |
| | 10 | Clr. Randy Palmer |
| | 11 | Clr. Andy Thompson |
| | 12 | Clr. Chester Dewar |

ABSENT

- | | | |
|--|---|------------------------------|
| | 3 | Clr. Darla MacKeil (Illness) |
|--|---|------------------------------|

IN ATTENDANCE

Brian Cullen, CAO, Municipal Clerk-Treasurer
Karen Cornish, Deputy Municipal Treasurer
Evan Hale, Director of Emergency Services
Sueann Musick, Communications Officer
Logan McDowell, Director of Public Works & Development

CALL TO ORDER & LAND ACKNOWLEDGEMENT

Warden R. Parker called the meeting to order and invited Councilors to pray or reflect, as may be their preference, to help Council focus and properly do the work of the Municipality, and to remember our indigenous communities. He acknowledges that we are on the ancestral territorial lands of the Mikmaq people and would like to thank the Mikmaq people today for their ancestors sharing these precious lands with all our ancestors whether they arrived here 400 years ago or 4 years ago. May we all live in peace and harmony together.

Warden Parker recited the poem In Flanders Field by John McCrae in honour of Remembrance Day. Warden Parker stated that he attended a funeral today for Sir Fraser Boyles, uncle of Clr. Peter Boyles. Fraser Boyles saw many battlefields during the war and was knighted by France, for his participation on D-Day. Warden Parker stated that Mr. Boyles was 97 years old, and like so many that returned from war did so much for their communities and were valuable contributors to society.

AGENDA

It was moved by Clr. Boyles and seconded by Clr. Elliott that the agenda be approved. Motion carried.

ERRORS AND OMISSIONS/CORRECTION OF MINUTES

The minutes of the September 6th, 2022, and October 5th, 2022, Council Meeting were reviewed by the Municipal Council. There were no additions, deletions, or clarifications entered by members of Council. The Deputy Warden proclaimed the minutes of the meeting of September 6th, 2022, and October 5th, 2022, as the official record of the meeting.

PRESENTATION NOVA SCOTIA FEDERATION OF MUNICIPALITIES LONG SERVICE AWARD

The Warden and CAO made a presentation on behalf of the Nova Scotia Federation of Municipalities to Clr. Turner for 10 years of service.

PRESENTATION: RIVER JOHN PICKLEBALL SOCIETY

Wade Taylor, along with Margaret Barry, John Carruthers, Mike Topley and Tammy Goodwin presented the following on the River John Pickleball Society.

River John Pickleball Club Presentation to MOPC Council

November 7, 2022

Wade Taylor, Margaret Barry, John Carruthers, Mike
Topley, Tammy Goodwin

Who is the RJPC

- The River John Pickleball Club (RJPC) is a NS registered Not for Profit
- Member Pickleball NS and Pickleball Canada
- Formed by a group of community members (12) committed to bringing a new recreation and active living opportunity to the residents of River John and the surrounding communities
- RJPC Facebook page has 189 members
- Offering winter pickleball at River John Firehall

PROJECT OVERVIEW

Partnership with
River John Legion

Partnership with Y of
Pictou County

Inclusive and
Accessible

Need for Rural Recreation Facilities

Most recreation investment is in cities and towns

High cost of fuel impacts desire and ability to travel for recreation

Increased travel time leads to less activity

PROJECT OBJECTIVES

Build a 3 court pickleball facility

Bring Pickleball to River John area

Focus on social, physical and mental health benefits

WHY THIS MATTERS

Physical Wellbeing | Mental Wellbeing | Community Wellbeing

PHYSICAL & MENTAL HEALTH BENEFITS

PHYSICAL WELLBEING

- Improves cardiovascular fitness
- Strengthens bones & muscles
- Decreases the risk of developing and dying from chronic conditions, including obesity, diabetes, circulatory diseases, and dementia
- Improves your ability to do daily activities

MENTAL WELLBEING

- Reduces anxiety, depression, and negative mood
- Improves sleep quality, and may reduce stress, and fatigue
- Opportunities for social engagement

COMMUNITY WELLBEING

- Gets people outside, enjoying a physical activity and connecting with each other in the community
- Promotes volunteerism among seniors and other generations
- More attractive area to spend time for residents & visitors
- More healthy individuals = more healthy and vibrant community

"According to Statistics Canada, only 16% of Canadian adults are getting the recommended amount of physical activity... There needs to be policies and the creation of accessible spaces that support active living, increased training of physical education specialists, and further funding of programs that encourage sports participation, provide access to recreation facilities, and creates opportunities to make physical activity fun, accessible to all and supports a more active lifestyle." *Participation Pulse Report (2018)*

PLANNED PROGRAMMING

LEARN TO PLAY

Sessions to teach the game will be a part of the regular programming offered by the club. With a trained instructor and "train the trainer" program the club will increase its capacity to provide more instruction. Play recently began at the RJ Firehall with Learn To Play sessions into the schedule. Those with disabilities are welcomed as well in such play. Para pickleball is a sport which is becoming popular with disabled athletes with a wide variety of means of participation being available.

SENIORS

Currently seniors make up the greatest number of participants in the sport. The percentage of individuals +55 in Pictou Subdivision A is almost 50% (Statistics Canada 2021). The sport of pickleball is well matched to the local population.

YOUTH

Discussions have been held with the River John & Area Recreation Association. The club plans to work with the group to include pickleball in the community's youth summer programming.

"It was a pleasure to hear of your plan to develop an accessible Pickle Ball facility on property adjacent to the Legion in River John. It is heartening to know that you intend to welcome those who have never participated in the sport by offering instruction; and also, to offer reduced fees for those who have financial limitations. Highland Community Residential Services, (HCRS) provides community inclusion and residential supports to people dealing with an intellectual disability and/or a mental health issue. To have a community organization reach out to welcome this particular group of people is a generosity that is rarely seen. We would be delighted to include learning to play pickle ball at your facility as one of the community activities open to people supported by HCRS. Highland Community Recreation Services

Little Harbour Pickleball Club

"We have attempted to encourage the River John Pickleball committee right from the start and we strongly support this project as... it adds to the recreational infrastructure of Pictou County, is an economic development agent for the community, encourages rural populations to remain in place and is a great recreational option for all ages.

Equally important, has been the impact Pickleball courts have had on our local community, as volunteers from all ages have joined together to make this a reality. I have no doubt the same reaction will occur in River John as these projects align with the objectives of SHIFT Nova Scotia and other provincial programs to stimulate the community's population." *Graham MacNeil, President, Little Harbour Pickleball Club*

River John & Area Recreation Association

"We are acutely aware of the need for improved access to sport facilities and opportunities for physical activity within our community. There is tremendous interest in the community to see facilities available in River John." *Santina Weatherby, Director & Secretary, River John & Area Recreation Association*

Tatamagouche Pickleball Club

"Identified as the fastest growing sport in North America, pickleball is a social, fun way to encourage active living for all ages. The sport can be learned within a few hours and appeals to a wide range of ages and physical abilities." *Heather Hampson, Secretary, Tatamagouche Pickleball Club*

Recreation Facility Association of NS

"Facilities, like the one proposed by the RJPC, are safe gathering spaces essential in counteracting social isolation by promoting social inclusion, connection, and engagement. They provide opportunities that encourage and promote recreation and active lifestyles, helping to build physically and mentally healthy communities, minimizing health care costs and therefore improving the overall health and well-being of our communities." *Bob Quigley, President, Jennie Greenorn, Executive Director Recreation Facility Association of NS*

River John and District Lions Club

"Pickleball is a growing and popular activity for all ages, but especially for those in the over -50 age bracket, and access to a proper facility will provide much needed physical fitness activity and opportunities for socialization and active, healthy living." *John E. McKim, Secretary, River John and District Lions Club*

River John Community Action Society

"The project can make a significant contribution to the health and well-being of all community members and especially to veterans and seniors." *Cody Joudrie, Chair, River John Community Action Society*

Arisaig Pickleball Club

"As experienced in the rural communities of Arisaig and Little Harbour, the development of outdoor pickleball courts has brought new life into these communities and the year-round and summer residents are enjoying the opportunity for participating in a fun exercise and great comradery. The River John courts will directly support healthier and a more vibrant community and improve the livability, sustainability, and attractiveness of the community of River John."

Ian MacDonald, President, Arisaig Pickleball Club

River John Chapter of the Independent Order of Odd Fellows

"The North Shore is a desirable location for another outdoor facility bringing a new recreational opportunity for our residents of all ages who can participate in this healthy sport. The opportunity to focus on healthy activities that build social connections is certainly welcome." *Willis Langille, River John Chapter of the Independent Order of Odd Fellows*

WHERE ARE WE NOW

Project Status | Project Budget | Project Fundraising

PROJECT STATUS

- RJPC members meeting regularly and working on this project for 11 months
- We have secured a location for the pickleball court facility – River John Legion
- Working closely with Arisaig and Little Harbour Pickleball
- Community outreach (Social Media, River John Days, Learn to play)
- Partnership with the Y of Pictou County
- Grant applications and fundraising in progress

PROJECT COSTS & FUNDING MODEL

NOVEMBER 2022

Projected Facility Costs		Projected Funding Sources	
Maritime Tennis Court Builders	\$ 129,700	PNS Recreation Facility Development grant	\$ 40,000
Project Management	10,000	Municipality of Pictou County grant	40,000
Windscreens	1,380	New Horizons for Seniors Program	25,000
Landscaping	1,500	Sutherland Harris Hospital Foundation	20,000
Rough in wiring for lights	3,000	InKind donations from community	11,500
Contingency	8,000	Fundraising from community	23,392
	153,580	YMCA of Pictou County	15,000
HST	21,312		
Total	\$ 174,892		\$ 174,892

PROJECT FUNDRAISING TO DATE

NOVEMBER 2022

FUNDRAISING SUPPORT TIERS		Cash	Pledges	Total
Builders	\$5,000 and above		\$ 15,000	\$ 15,000
Founders	\$1,000 to \$4,999	\$ 1,500	4,500	6,000
Players	\$500 to \$999	2,850	2,900	5,750
Friends	\$100 to \$499	100	550	650
		\$ 4,450	\$ 22,950	\$ 27,400
FUNDRAISING TARGET - Cost		\$ 163,392	23%	\$ 38,392
Balance to raise in Community				\$ 10,992
% of GOAL ACHIEVED				71%
Total projected Facility Costs				\$ 174,892
Deduct: Inkind donations of services and supplies				(11,500)
Cash cost				\$ 163,392

River John Legion | Y of Pictou County

Sports Guide

88 APD PLACE - OTTAWA, ON - CANADA - N2L 5A1 - 1-888-516-6222 - WWW.LEGION.CA

Why the Y is involved with RJPC:

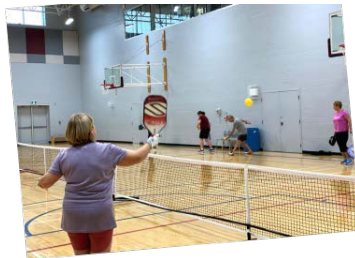

- Strategic plan goal to increase our reach in PC West
- Extend our reach with projects that enhance wellness outside the Wellness Centre

Pickleball Benefits include increased:

- Physical Activity time in a week and commitment to that time
- Openness to try other physical activities
- Social networks
- Reaction time, balance, agility and cardiovascular fitness

YMCA of Pictou County – Why we are involved in RJPC Project

"Pickleball is a great fun way to exercise and to improve your health. Since playing my blood pressure has dropped and I have more lung capacity. We also have a lot of laughs with the new friends met. It's a fun sport for all ages!"

"My husband and I recently retired and we had heard about the game, but thought it was for "OLD folks" well we were wrong! This game improves reflexes, agility and overall fitness. We've met some nice people through the sport and have made a lasting friendship that keeps us moving and it is NOT an "OLD folks only game."

"Pickleball has been a life-changing fun experience for me! Being 65 years old, we get aches and pains and must pick our sport of choice. Pickleball is a game that can be played for recreation or competitive. It can fit a person's lifestyle in many ways! It's also a great social activity. A definite sport to give a try!!"

"Pickleball is a great sport for many reasons. The fact that it is a low impact game makes it a appealing to all ages and abilities. It is a fantastic way to socialize along with getting a workout."

"There are many benefits of pickleball. It is easy to learn and very beginner friendly. Pickleball is fun and social way to get in shape. It is a low impact sport on joints and knees. I love seeing the social connections made here at the YMCA."

"Pickleball is a sport with progressive levels and room to grow. Something for everyone from new to experienced."

YMCA of Pictou County – Pickleball Testimonials

Wrap Up and Questions

Clr. D. Parker thanked the members for their thorough presentation and commented it was nice to see support from other community organizations. Clr. Parker stated that facilities such as the one proposed for River John are expensive and he believes there needs to be a master plan created for facilities and we need to answer the question of how many is enough. Ms. Barry stated that in the United States there are communities with populations of 8000 people having 16 pickleball courts.

Clr. Dewar thanked the members for their presentation and asked the members, if Council was to support the project, could the group accept the funding over multiple years like what happened in Little Harbour. Mr. Taylor said that the group could work within whatever council chooses.

Clr. Elliott thanked the group for the presentation and offered her support towards the project.

Deputy Warden Murray asked for clarification on who would own the facility. Mr. Taylor said that the River John Pickle Ball Society will operate the facility and the River John Legion will ultimately be the owner as it is constructed on their property and leased to the Pickleball Society.

Warden Parker asked as a follow up, who has the insurance on the facility. Mr. Taylor stated that the River John Pickleball Society carries the general liability insurance. This insurance is obtained by being a member organization of the Canadian Pickleball Association. This insurance covers members of the organization and is paid through membership fees.

Warden Parker thanked the River John Pickleball Society for their presentation and excused them from the balance of the meeting.

CORRESPONDENCE REQUIRING ACTION

A) PROCLAMATION CROHN'S AND COLITIS AWARENESS MONTH

Warden Parker read the following proclamation:

PROCLAMATION

I, Robert Parker, Warden of the Municipality of the County of Pictou do hereby proclaim the month of November 2022 as **Crohn's and Colitis Awareness Month**

WHEREAS: Crohn's and Colitis Canada is a national, volunteer-based non-profit organization supporting the over 270,000 Canadians living with inflammatory bowel disease (IBD), a chronic autoimmune disease that causes the body to attack healthy tissue, leading to inflammation of part of or all of the digestive system; and

WHEREAS: People living with IBD routinely endure abdominal pain, cramping, fatigue, internal bleeding, and frequent and urgent bowel movements – in some cases over 20 times a day. While more than five million people globally live with IBD, Canada has one of the highest prevalence rates in the world, with the Atlantic provinces having the highest rates in the country. By 2030, experts predict the number of Canadians living with IBD to exceed 400,000 – one per cent of the population. Currently there is no cure; and

WHEREAS: Every November, Canada celebrates Crohn's and Colitis Awareness Month. As part of this initiative, landmarks across Canada are illuminated red in a show of support for everyone impacted by IBD; and

WHEREAS: To learn more about Crohn's and Colitis Canada and the work the organization does, please visit crohnsandcolitis.ca

THEREFORE, I, Robert Parker, Warden of the Municipality of the County of Pictou, do hereby proclaim this month of November 2022 be "Crohn's and Colitis Awareness Month" in the Municipality of the County of Pictou

Dated at Pictou, Nova Scotia, this the 7th day of November 2022.

Sgd. Robert Parker, Warden

B) **UNITED CHURCH OF CANADA REQUESTING COUNCIL SUPPORT A UNIVERSAL BASIC INCOME.**

MOTION

It was moved by Clr. Turner, seconded by Clr. D. Parker that Council sends a letter of support to the federal and provincial governments supporting the creation of a universal basic income.

Clr. Turner spoke about the vast research that has been done on this issue over the years. A universal income will lessen marginalized communities and is a way for the redistribution of wealth.

Clr. D. Parker stated that this idea has been around for decades and has many benefits. It allows those in poverty to get out of the cycle; however, it is not a cure all and there needs to be a considerable amount of thought given to the program rules.

Clr. Thompson stated that is about social advocacy and Pictou County has a lot of child poverty and need to find ways to help.

Clr. Palmer stated that he has concerns with this support and does not fully understand how this will work. There are a lot of businesses that cannot find workers and will a program such as this erode the workforce even further.

Warden Parker stated that there are lots of different supports and the social system that is in place today is very convoluted; however, society needs to do more to eliminate discrimination towards the marginalized communities.

Clr. Boyles stated that he has a similar concern to Clr. Palmer that we do not have enough information.

Clr. Butler stated that he is concerned with what this might do to the workforce and the impacts it will have on local businesses.

Clr. Turner stated that the people that require the universal income cannot influence the change required to implement this system. It is about the redistribution of wealth.

Clr. Thompson suggested that perhaps it would be worthwhile having the authors of the letter present to Council on this topic prior to a formal decision.

On agreement of the mover and seconder, the motion to write a letter to the Federal and Provincial Governments supporting a universal income was withdrawn.

CORRESPONDENCE RECEIVED FOR INFORMATION:

- a) Thank you letters Backpack Program (not circulated): New Glasgow Academy; Frank H MacDonald Academy; Pictou Academy; Salts Springs Elementary; McCullough Education Centre; Trenton Elementary; Walter Duggan; Tatamagouche Academy
- b) Thank You Letter for Donations: Barney's River Hope Church Family of the late Elmer Williams; Middle River 4-H (Sarah MacInnis)

RESOLUTION: PUBLIC WORKS VEHICLE TENDER PURCHASE

Clr. D. Parker presented the following resolution:

RESOLUTION

WHEREAS tenders have been called for the purchase of two new SUV/Crossover vehicles for the Public Works & Development Department.

WHEREAS a total of 3 tenders were received as follows:

	TENDER AMOUNT (Excluding HST)
Herron GM	\$72,651.50
Ceilidh Honda	\$69,220.00
Highland Nissan	\$58,056.00

WHEREAS the Director of Public Works & Development and the Financial Services Committee recommends the acceptance of the lowest tender;

THEREFORE, BE IT RESOLVED by the Municipal Council for the Municipality of the County of Pictou that Council accept the tender submitted by Highland Nissan in the amount of \$58,056.00 for the purchase of a two Nissan Qashqai vehicles.

DATED at Pictou, N. S. this 7th day of November, 2022.

(Sgd.) David Parker
Mary Elliott

MOTION

It was moved by Clr. D. Parker, seconded by Clr. Mary Elliott that the preceding resolution be adopted as presented. Motion Carried

RESOLUTION: MUNICIPAL BOUNDARY REVIEW

Clr. Palmer presented the following resolution:

RESOLUTION

WHEREAS Section 369 of the Municipal Government Act requires Councils of every town and Municipality to apply to the Nova Scotia Utility and Review Board to confirm or alter the number and boundaries of polling districts and the number of Councilors;

WHEREAS the Municipality is required to conduct a study into the reasonableness and fairness of the number of councilors before making an application to the Board;

WHEREAS the Municipality conducted a public consultation process which involved 5 in-person sessions; along with a virtual session during the month of September 2022;

WHEREAS the Municipality also sought opinions from residents at the public consultation sessions and through an online survey on the number of councilors and the style of governance (Mayor vs Warden System);

WHEREAS the majority of respondents to a survey conducted at the public consultation sessions and online submissions support the current number of councilors and the Warden system of Council governance;

THEREFORE BE IT RESOLVED, by the Council for the Municipality of the County of Pictou that the Municipal Council submits and application to the Nova Scotia Utility and Review Board to confirm the number of Councilors at 12.

DATED at Pictou, Nova Scotia this the 7th Day of November 2022.

Sgd. Randy Palmer
Chester Dewar

MOTION

It was moved by Clr. Palmer, seconded by Clr. Dewar that the preceding resolution be adopted as presented. Motion Carried.

BDO Zone Initiative Pictou County

Mr. McDowell provided Council with a brief overview of the project being planned in conjunction with the Pictou County Partnership on the rating program for biofuel production.

Clr. Parker stated that our area is very good at growing trees such as poplar; however, the events of September 23rd with Hurricane Fiona we will see much of this wood simply rot in the woods.

Clr. Palmer asked if we are only talking about waste wood or the entire system. Mr. McDowell responded that it is about the entire system ability to create biofuel.

Clr. Thompson stated that he supports this initiative as our forests are an awful mess right now and this could be the best use.

MOTION

It was moved by Deputy Warden Murray, seconded by Clr. Butler that the Council provide a letter of support for the BDO Zone Initiative. Motion Carried

HURRICANE FIONA CLEANUP

Evan Hale, Director of Emergency Services provided an update on the cleanup of roadside materials and the various crews that our working on the effort. Mr. Hale stated that one of the issues that has come up, is that once we have cleaned an area more material is then being placed curbside. Warden Parker said that the intention was to only do a road once and asked of the message is not getting out there. Sueann

Musick replied that message has been communicated from the very start.

Mr. Hale stated that it is difficult to gauge our progress as of now; as District 2 has had an immense amount of materials down and will take a long time.

Clr. Butler stated that the original plan was to have three crews from Ontario. Mr. Hale responded that the company surveyed the municipality and determined that their larger piece of equipment would not be efficient. Clr. Butler expressed concern with the having to repeat roads when other areas have not received any collection. Mr. Hale stated that with the deployment of the grapple trucks this week we should see better progress.

Clr. Wadden expressed the concern that people would like to know where we will be working next. Mr. Hale stated that daily updates can be provided.

Clr. Parker stated that we need to provide the message for people to be patient with the cleanup.

Clr. Palmer asked how many hours day crews are working and about traffic control. Mr. Hale responded that crews are working 10-11 hours per day. The crews are working with the Department of Public Works who is providing traffic control and are using the best practice for mobile operations. There are some concerns around the busier roads and we may need to adjust the pick ups and arrange for different traffic controls.

Clr. Palmer stated that we have planned for 25 days and is that realistic. Mr. Hale stated that he is optimistic that we will meet the targets; however, this week will provide us a better understanding.

Clr. Turner stated that we have created priority areas; however, have created a more detailed schedule. Mr. Hale stated that the chipping crews will in an area for extended periods of time. Mr. Hale stated that we will be able to provide a better schedule or routine of the grapple trucks on a daily basis.

Warden Parker asked about the overall progress of the budget. The CAO responded that the budget at present is not a concern; however, this week will provide us better understanding and we should be able to do a better forecast.

URBAN FORESTRY CONFERENCE

Clr. Boyles thanked Sueann Musick for circulating his report to Council. Clr. Boyles stated that he learned a lot about trees, and soils, at this conference. Clr. Boyles stated that he talked to the Atlantic rep for Trees Canada, and who is willing to meet with the Municipality, to tell us what Trees Canada can do for us and what grants are available for us.

Dr. David Phillips reported to the conference the message that just because we don't know everything about climate change, does not mean we should ignore it. We need to prepare for a different climate soon. Climate change is happening faster than expected. Trees are the first victims of climate change. Rainwater will last 8 days on grass and 8 minutes in a paved parking lot, to get down to the water table. We need by laws for greener places, more grass less concrete and more trees.

We need to plant the right trees in the right place. We cannot prevent the wind, and rain, from coming but we can better prepare for it. We need to check the strength of our infrastructure and don not cut maintenance budgets.

An interesting concept is that we should be GPS where the trees we give away are planted and send reminders to people with trees when it's hot and they should be watering them. Plants and animals affect soils and 70 % of people have no knowledge of soil. We are taking away habitat from wildlife. Nature stores carbon, when we destroy this, we release carbon.

COMMUNITY ANNOUNCEMENTS

Clr. Boyles stated that there are a lot of concerns about the East Pictou and vandalism. Mr. McDowell stated that they are getting quotes to secure the property. The CAO has issued a Request for Proposal for the Redevelopment of the property which closes on November 17, 2022.

Clr. Thompson brought to the attention of Council that Mike Hechimovich was recently presented the Recreation Nova Scotia Bluenose Achievement Award.

Warden Parker reported that the Salem Ballfield held its first event just before Halloween. They have upgraded some of the infrastructure at the ballfield and will continue to redevelop the site.

Warden Parker reminded Council that November is Prostate Cancer Awareness Month, and he is growing a mustache for "Movember"

Sueann Musick informed Council that Arlene MacGregor received the Provincial Volunteer of the Year Award today in Halifax.

Clr. Dewar brought to the attention that Hector MacKenzie passed away at the age of 102. Mr. MacKenzie worked for the betterment of the community and worked at the exhibition and was a member of the school board for many years.

EMERGENCY RESOLUTIONS

There were no emergency resolutions.

ADJOURN

There being no further business to come before the meeting the Deputy Warden declared the meeting adjourned (9:30 pm).

Warden

Municipal Clerk
